ABSENT: Luis Rodriguez-Betancourt ,Attorney Frank Wood

Supervisor Dolph called the meeting to order at which time he requested that Superintendent Geidel provide an update on Budine Road.

Superintendent Geidel informed the Board that he has worked with the DEC and contractors to come up with a cost effective way for permanent repairs to the Budine Road Bridge. He has been informed by the DEC that modifications to the original application are not necessary.

He informed the Board that he will hire an excavator with operator to assist with the work to involve removal of existing steel decking, replace the abutments with new stone and decking. He estimates the approximately cost to be \$30,000 - \$40,000 with a two week work schedule.

Councilwoman Wood questioned what the weight limit would be? Superintendent Geidel stated he estimates it to be around 100,000 pounds.

Councilman Govern questioned if the used steel decking would be reused? Superintendent Geidel state it would.

Supervisor Dolph stated this is considered emergency work and falls under exceptions to the formal bidding process. Superintendent Geidel stated he contacted three contractors in which two bids came in at the same amount and the third did not respond.

Mr. Dailey questioned if the crossing span could be 20' and if this would then become a County owned bridge? Supervisor Dolph stated before that could happen it would need to be brought up to the County specifications and would cost the town over \$300,000 to do so. Superintendent Geidel stated that was being very conservative.

Mr. Dailey and Mr. Norton both thanked the Board for taking action and stated they were very appreciative. Councilman Armstrong stated the Town has been aware of the issue but needed to wait for an affordable fix.

A motion was made by Councilman Armstrong, seconded by Wood approving the hire of Robinson Brothers to perform emergency work on Budine Road Bridge with an approximate cost of \$30,000 - \$40,000. All in favor, motion carried.

Retired Highway worker Ronald Fletcher approached the Board requesting information on the cost of health insurance through the Chamber of Commerce and stated he was not interested in working 20 hours a week to offset the cost of the insurance. Supervisor Dolph stated he found insurance for \$6,148.32 a year for a single policy. Mr. Fletcher stated he saved the town a lot of money over the years and feels the Town should be able to help him out with the insurance.
