FLOOR TIME:

Code Enforcement Officer Stephen Dutcher addressed Mrs. Graupman and stated letters have been sent out to the property owners but they now have 30 days to address the matter.

Robert Conklin of Palmer Hill Road approached the Board with his concern of a NYC Land Acquisition property on Palmer Hill Road. He and a couple other residents, along with a previously submitted petition have requested that the Town submit a letter to NYC asked for a restriction on the recreational activity. The residents request that rifle hunting be restricted and only allow small game hunting or bow hunting.

TOWN CLERK'S REPORT:

Provided my financial report to the Board.

Reported that after collecting \$3,558,686.06, I am now 84% collected of my total tax warrant.

Reported that since January 1, 2016 we have collected \$140.00 in late dog license renewal fees. We still have 66 dogs currently past due.

Reported that over the years residents have come in and questioned the procedure to rent More Park picnic area. Today, I had another individual ask if we had a calendar so that he would be sure no one else would be occupying the area on the date he would like to use it. Is this something the Board would like to look into?

After discussion, the Board decided to leave the use as a first come, first serve availability. The committee will look into placing picnic tables at the site.

I have contacted our webmaster about uploading our meeting videos onto our website. She has completed this today and we will continue to work together to determine the past location for the videos on the webpage.

Supervisor Gregory presented a timeline for an explanation of the Reporter Company water bill.

Councilman Armstrong stated the Reporter Building Project had an impact on the flood mitigation as well as helping in reducing flood insurance for Village residents. He states this is a slap in the face that the Village can't forgive the bill, especially since it reflects just interest and penalties and not actual water usage.

Councilman Rodriguez-Betancourt felt it was ridiculous.

Supervisor Gregory thanked former Supervisor Bruce Dolph and the Council members for their hard work in improving Delaware Street.

Councilwoman Wood pointed out that this is not a village versus town issue. "Otherwise the town would not have taken the time and effort to carry out the project." "It's petty at best".

Councilman Govern suggested sending a letter to the Village Board explaining the cost associated with the placement of the Village waterline and parking lot that was performed by the help of the Town. Supervisor Gregory agreed to do this.

Further discussion took place on the placement of a pavilion, flag pole and tree on the green space property. I provided a recap of the status of the DASNY grants. It was agreed upon that the committee would get together to complete the project.

Councilman Armstrong informed the Board that he requested to have the Highway Superintendent use the hydro-seeder to apply another application of grass seed to the area.

Supervisor Gregory informed the Board on a proposed resolution before the County Board on Commercial Solar Farms. He stated that the County is looking to require a PILOT agreement and that the Host Community Benefit Agreements will be put into place for all new commercial solar installations.
