

(Date)

(Name of Provider)

Dear

I am a customer of your wireless phone service and the service in my rural area is sporadic and not what I would like it to be or comparable to other available carriers in my area.

We have a cell tower in our Town of Walton, which currently houses AT&T and T-Mobile, and are wondering if your company has any plans to sign on to our local tower to improve the coverage in our area.

With the cell tower so accessible, and the Town willing to add carriers, I respectfully request you look into extending your coverage. You can reach the Town offices at 607-865-5766. They can give you more information about extending your coverage area.

Thank you.

Sincerely,
